## **Executive Biography: Ron Wiser**

President  
Loan Protector Insurance Services

Ron Wiser is the president of Loan Protector Insurance Services, an independent outsourcer of customized mortgage insurance tracking and verification programs and a leader in lender-placed hazard and flood insurance. In his position, Wiser is responsible for marketing, maximizing business performance and guiding technology enhancements and growth of the company. Loan Protector is able to fully outsource the insurance tracking, verification and payment functions for its customers.

Wiser's focus is to use the power of technology to continually improve Loan Protector's products and services. He helped develop the company's proprietary tracking software Easy Track<sup>SM</sup>, a state-of-the art system that simplifies the entire tracking process. Wiser combined a belief in technology-based tracking with his understanding of the need for lenders to have real time updates and access to insurance data on loans in their portfolios.

Prior to joining Loan Protector, Wiser was vice president and senior product manager of the Financial Services Division for Ohio-based Progressive Insurance and was also vice president for Chicago-based Montgomery Ward Insurance Co.

Wiser has more than 29 years experience in the property and casualty insurance industry. He has spent the last 14 years working with mortgage lenders and their insurance needs. He is a graduate of Indiana University and holds an MBA from the University of Chicago.
